Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.A Curious Chain of Events seeks to address the main issues of science and philosophy. What is the difference between an object and a concept? What is truth and love? What does it mean to be alive, to have consciousness and intelligence? What is reality? What does it mean to exist? What is motion and what is time? A Curious Chain Of Events is a story about the love between a man and his wife. Paul is a scientist and Rhonda was a philosopher. Paul is grieving over the loss of his wife who died recently in an auto accident. Rhonda is always on his mind, and he attempts to hold on to her memory by obsessing over their previous conversations. They were often on opposite sides, but Paul had learned to respect, and even depend on Rhonda s point of view. Paul comes up with many ideas while reliving their discussions, and is working on a number of projects at his company s laboratories centered mostly on synthetic biology, DNA, artificial intelligence, and various single celled organisms....
