Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

Grave Distractions Publications is proud to announce the publication of the 3RD EDITION of the cult classic **CAVERNS, CAULDRONS, AND CONCEALED CREATURES**, is the first book of its kind to examine the striking similarities between folklore, religious, mythic, new age, fictional, and first-hand eyewitness and historical accounts of anomalous beings, entities, cryptids, hidden civilizations, and related anomalies. Drawing from scientific facts, folklore, comparative mythology and eyewitness/anecdotal sources, it is demonstrable that the structure of our planet, the history of our species, the underlying truths disguised as our myths, legends, folklore and pop culture imagery, are not quite what we have been led to believe. The Earth itself is much more complex in structure than we have realized, and our species has perhaps experienced, through the ages, encounters and conflicts with others - non-human intelligences or beings of various types who have seldom been our friends. Memories and accounts of these encounters have come down to us in the form of folklore and mythology, often viewed with superstitious terror or awe through the conditioned lenses of religions, religious interpretation or folk traditions. Such encounters are continuing today. Often these two areas of source material or even anecdotal evidence overlap. It is possible that these various phenomena and beings are in fact modern representations of those who have traditionally been considered fairies, gnomes, trolls,...
