## Information Communication Technology And Education (Managing And Competing In the Information Age), Vol. 5

By V.C. Pandey

2005. Hardcover. Book Condition: New. 296 In the new digital age everything is destined to revolve around information technology, be it man or machine. Cyberspace is creating a global platform where a worldwide forum is evolving that is becoming vital to economic, social and political success. Effective collaborative effort are required, involving governments, multilateral development institutions, bilateral donors, the private sector, civil society to enhance the developmental impact of new technologies. This book comprehensively analyses the trends and challenges of the information age. Its objective is to develop in students an understanding of strategy and competitiveness in the new economy, an ability to think strategically and make business judgments in a variety of industry contexts and a capacity to manage strategically in the new competitive arena. It will serve as a complete reference tool to students, policy-makers, business managers and all who concerned. About The Author:- V.C.Pandey, a Civil Servant (DANICS) and a brilliant academic from Lucknow University has held several administrative positions under the NCT, Delhi. A reputed expert in the field of education, he has shown active participation in several seminars. Besides he introduced various vocational schemes. He is the author of several works on various phases of...
