## INVISIBLE JUSTICE: JUSTICE SERIES

Createspace, United States, 2011. Paperback. Book Condition: New. 201 x 132 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Book #1 in a series about teenagers that were tampered with as babies - injected with a combination of drugs that were designed to leave them with super abilities. Over time the teens start to find each other, form a team, and search for answers and the man who did this to them. Likened by readers to X-Men and Heroes, Invisible Justice is a contemporary take on teenage super heroes. Sam Dixon is a fairly typical teenage boy - great parents, active school life, pesky sister - with a nice life. That is until it is turned upside down when he begins to experience crippling flashes of pain that take over his entire body. It doesn't take him long to realize that these moments of burning torture are changing his body's makeup and leaving behind extra abilities - heightened senses. A random meeting at the local hardware store connects Sam with another teen - Leesha Conway - who has also experienced similar flashes, and a very different but powerful ability - telekinesis. As they compare notes and try to make sense of what is physically happening to them, a mystery unfolds. Each clue they uncover brings more questions to the table, and thus begins the search for the person that is responsible for both the pain and the powers left with them. Dr. Carl Blevins is the man they seek, the one who can give them all the answers. His medical education, combined with his special unit military training, has given him the knowledge he needs to play...
