Penguin Books, 2013. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Praise for Pattiann Rogers: "If only one word could be used to describe Rogers' poetry, it would have to be cosmic because her ravishing lyrical and imaginative poems embrace the vastness and interlocking wonders of the universe. Rogers' newest collection is positively stellar in its radiant beauty, fractal patterning, and uplifting vision of life's unity. By turns metaphysician and naturalist, spiritual pilgrim and trickster, Rogers writes with grand precision about weather, animals, plants, and landscape." --Donna Seaman, ALA Booklist , on Generations (2004) "Rogers celebrates and embraces the physical, sensual world--its plentitude, fecundity, voluptuousness, and variety--the gross and rank as well as the most exquisite beauty. For the intense fusing of thought and feeling, along with the juxtapositions of wit, the erotic, and the spiritual questing, which are characteristic of her work, one would have to go back to the English metaphysical poets." --Robert Buttel "If angels were to agree upon a language to describe creation, a tone of voice and a point of view that would adequately celebrate the divine, these would be the poems they would write. In language that is precise and accurate, with a tenacious heart and a penetrating eye, Pattiann Rogers beatifies. She exposes the dizzying dimensions of earthly space and incants the swoon of physical love. If this is not poetry in service to humanity, I do not know what it is." --Barry Lopez "I believe Pattiann Rogers walks the world at night when we are sleeping. Her poems are translations of our dreaming life--what we know to be true but fail to remember. We read her words, sentence by sentence, image by image, and return to all that is beautiful, mysterious, and erotic." --Terry Tempest Williams...
