author of this book, I believe I have discovered a New Theory of Physics, which is beyond standard model. It explains clearly with proof what is the substance of electrons, positrons, and neutrinos, which are the building blocks of nature. The theory explains how they were created, what their shape is, what they are consisted of, and how they are connected to build the heavier particles including the quarks, which finally made the protons and the neutrons that make up the entire universe. The composition of our entire universe whose foundation consists of the building blocks of nature, heavier particles, quarks, protons, and neutrons make the microcosmic and macrocosmic planetary system of atoms, stars, and galaxies, etc. Also explained are, why negatively charged electrons don't repel each other inside the atoms. Using the laws of mathematics I found the electric charge of an electron, and I got precisely the rest mass energy in electro-volts of all kind of basic leptons. I started writing my theory thinking that a materialized universe could never exist. There could only exist a temperature founded in a double basis of...
